

SPŠCH Pardubice and EfVET

Miroslava Katzerová

19.04.2021

SPSCH Pardubice internationalisation

- Active since **1992**
- Coordinators and partners / Sending and hosting organisation
- International Cooperation Team
- Internationalisation Strategy
- VET Mobility Charter / VET Accreditation

EfVET members since 2018

Why EfVET?

Networking

- Partners for Erasmus+ VET mobility, Strategic Partnership projects or other initiatives
- Reaching international level experts, representatives from various international institutions

Staff development

- Coach and Athlete: sharing good practice, ideas (e.g. blended mobility, internationalization at home) and direct guided support
- Thematic Teams initiative: sharing good practice
- Workshops

Keeping on track about European VET policy or trends in VET education

- Possibility to be involved in the change
- Open dialogue

Dissemination in international level

- Sharing our news about our initiatives and projects
- Taking part in different surveys (reaching our target group)

How do we manage our participation?

Involved staff

- 2 main active members (e.g. Thematic teams)
- Teachers taking part in events (conference, thematic team meetings, workshops) – working on Erasmus+ projects/ International Cooperation Team

Communication

- International Cooperation Team are always informed
- All teachers are invited to initiatives, informed about the news

Finances

- Membership fee (Erasmus+ projects)
- Participation in EfVET events fee, e.g. conference (Erasmus+ projects (KA1/2, regional initiative))

Our advice

If you are...

- small school
- making the first steps in internationalization or
- you want to step up

this is a great environment with a great pool of possibilities

Reach members to network like different associations, national representatives, VET centers/ colleges, intermediate organisations.

Quality members – that know each other and you can receive feedback.

Děkuji za pozornost
Thank you for your attention
